About Me

I am a motivated and adaptable individual pursuing a Bachelor of Computer Applications. With a strong interest in technology and teamwork, I enjoy learning new skills, solving problems, and contributing to meaningful work in both technical and non-technical roles.

Experience

Technical Operations Assistant   Mohan, Uttar Pradesh

Technical Support and Maintenance   *2017 – 2021*

· Provided technical support to customers, resolving issues with computer systems, internet access, and software applications.

· Assisted with software installation and troubleshooting while managing computer operations.

Project

Page Vista: eBook Website   Team Project

Front-End Development

· Designed and developed an interactive eBook website using HTML, CSS, and JavaScript.

· Implemented responsive UI for cross-device compatibility with intuitive navigation.

· Focused on performance, layout optimization, and accessibility.

Age and Gender Prediction: Web Application   Team Project

Machine Learning Project

· Built a face-based age and gender prediction system using Python and OpenCV.

· Used pre-trained deep learning models for accurate classification.

· Integrated real-time webcam input for live predictions.

Education

PSIT College of Higher Education   Kanpur, Uttar Pradesh

Bachelor of Computer Applications CGPA: 7.12   *2022 - 2025*

Gandhi Mission HMKD Inter College   Mohan

High School and Intermediate   *2019 & 2021*

Technical Skills

· Computer Proficiency, Python, HTML, CSS, JavaScript, MySQL
